

# MOTORS

## MOTORS & SERVICES

A motor rarely fails at a convenient time, shutting down a production line or manufacturing process, costing you thousands of dollars. Steiner will assist in determining the most cost-effective method of repairing your motor versus a new motor replacement. Our partnerships with top global manufacturers

provide the ability to meet demands, including standard duty, high efficiency, washdown, explosion-proof, and more. Whether you need a motor repair or replacement, we are ready to get you up and running fast!
