Classic vs. Pro: Which Is Right for You?

Both chargers are fast, reliable, and award-winning. Here's how they stack up — and why most home-owners end up **loving the Pro**.

FEATURES	CLASSIC	PRO
Works with All EVs (NACS & J1772 connectors)	✓	✓
Level 2 Charging (up to 48A hardwired / 40A NEMA 14-50)	✓	✓
25-ft Charging Cable + Wall-Mounted Holder	✓	✓
NEMA 4-Rated: Weatherproof Indoor / Outdoor Install	✓	✓
UL Certified — Meets National Safety Standards	✓	✓
Energy Star Certified	✓	✓
3-Year Warranty	✓	✓
Emporia App - Complete Control with Automated Savings	✓	✓
Eligible for Federal Tax Credits & Utility Rebates	✓	✓
PowerSmart — Skip the Panel Upgrade Saves $3K–$8K	—	✓
Sleek Low-Profile Design with Rear-Entry Hardwire Option	—	✓
Whole-home Energy Monitoring - more than just EV Charging	—	✓
Easily add more sensors for Appliance-level monitoring	—	✓
Excess Solar Charging — Power your EV with your own solar	—	✓
Peak Demand Management — Avoid costly utility surcharges	—	✓
Smart Home Automation (thermostats, plugs, appliances)	—	✓

"The Classic is a fantastic charger — but for most homes, the Pro pays for itself fast. You skip the panel upgrade, charge smarter with solar and peak pricing tools, and get the full picture of your home's energy. It's the last charger you'll ever need to buy."
